

How to use generated vouchers in the My2N Management Platform

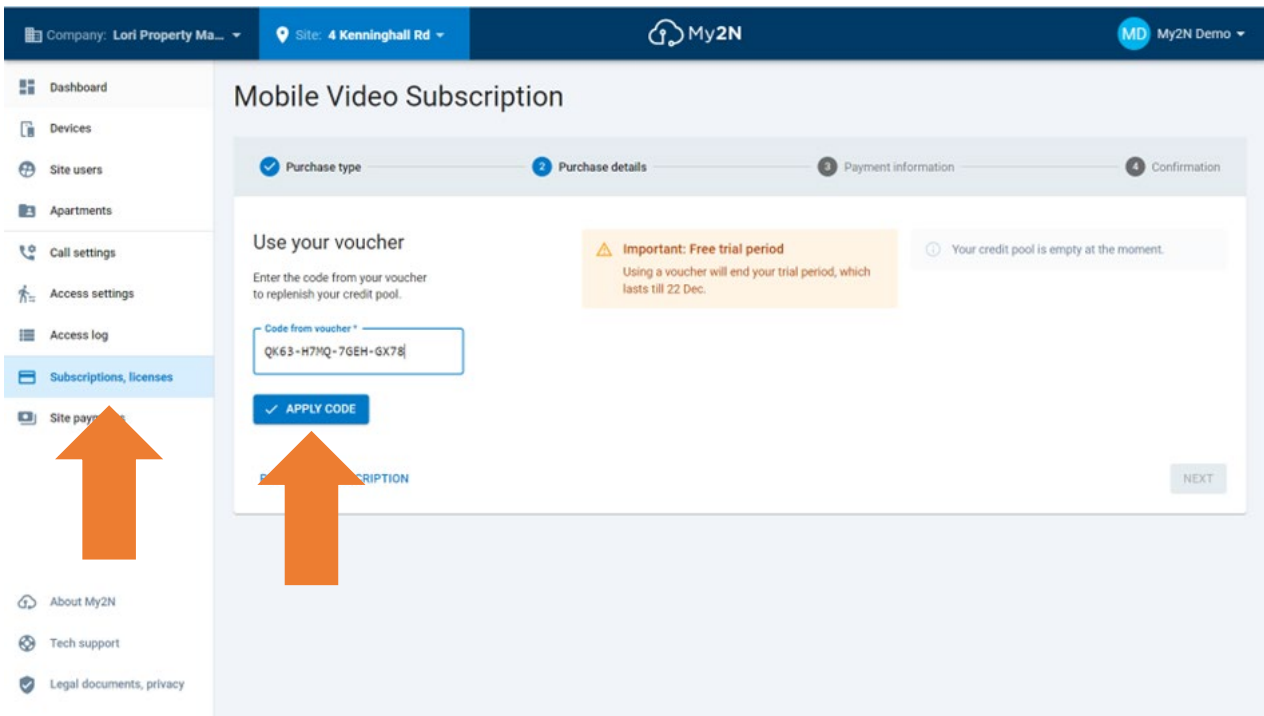

1. Login to [My2N Management Platform](#)
2. Choose the correct My2N site

The screenshot displays the My2N Management Platform interface. At the top, the header shows 'Company: Lori Property Ma...' and 'Select site...'. The main content area is divided into two columns. The left column shows a sidebar with navigation options: 'Company dashboard', 'Sites', 'Company admins', 'Billing info', 'Payments', and 'SDK Settings'. Below the sidebar, there is a card for '1 Sites' with a '+ NEW SITE' button and a link to 'WHAT IS A SITE?'. The right column shows a table of sites with columns for 'Site name', 'Site type', and 'Mobile Video status'. A table row is visible with '4 Kenninghall Rd' as the site name, 'Apartment building' as the site type, and 'Free trial' as the mobile video status. An orange arrow points to the 'VIEW ALL SITES' button above the table. Below the table, there are three cards: 'Company admins' (Manage users who have administrator access to this company and all its Sites), 'Billing info' (Edit this company's invoice address, currency and other details), and 'Payments overview' (View your payment history and manage company invoices).

3. Go to the 'Subscriptions, licenses' section and choose the first tile (2N Mobile Video – Do you have a voucher? Use it for 2N Mobile Video service)

4. Enter the code and press 'Apply Code' and 'Next'

5. Follow the process until you receive the 'Success' message
