

First Installation Assistance

2N Access Unit & 2N® Access Commander

Are You About to Install Your First 2N Access Unit or 2N® Access Commander?

Use our technical-support assistance during your first installation of the 2N Access Unit. This offer also covers advice on settings for the 2N® Access Commander.

Contact us over the telephone or e-mail from **November 13 through March 31, 2017** to schedule a remote-assistance appointment with a technical support staff member.

For Whom?

For system integrators or installers.

How?

Just call us at **+420 225 271 323**, from **10:00 to 16:00 (CET)** or write us at **accesscontrol@2n.cz** to reserve a time slot during which our technical support specialist will be available to you. Enjoy **90 minutes** of remote assistance from 2N.

What Next?

Our technician will contact you at the scheduled time and will be available to answer your questions that may arise during the first installation.

+ 420 225 271 323
Mon-Fri from 10 to 16h (CET)

accesscontrol@2n.cz

Note: This offer extends to 1 installation per company. To reserve your assistance, be ready to supply 2N staff with your identification data. By providing this data, you agree with their use for 2N business purposes. The promo is valid for all models of the 2N Access Unit.
