

Map a Network Drive - Mac OS X

The 2N Media Library files can be accessed from your desktop using the file explorer in a Mac OS X operating system.

Connect to Server

From a "Mac OS X Finder", hit "Command+K" to bring up the "Connect to Server" window.

STEP
01

STEP
02

Media Library's URL

In the Server Address field, enter „https://www.2n.cz/webdav/2n/document_library“ to configure the path to the network drive. Click Connect to begin the connection to the network drive.

Login Credentials

Enter the login credentials, e-mail and password, you use to access the 2N Media Library web interface.

STEP
